FOR IMMEDIATE RELEASE

Ventura Freeway (SR-134) Roadside Work

Glendale - The California Department of Transportation (Caltrans) began landscape and irrigation restoration work on the Ventura Freeway (SR-134) between San Fernando Road and Sinclair Avenue on November 26, 2007.

Work is scheduled Monday through Friday between 8 a.m. and 4 p.m. Intermittent lane closures will be limited to one lane in either direction. Work may take place nights and weekends as necessary. Lane closures are weather permitting and subject to change.

This \$2.4 million dollar project will upgrade the water irrigation system, control erosion, improve the roadside landscaping, and safety for motorists. Project completion is slated for winter 2008.

Caltrans advises motorists to “Slow for the Cone Zone.”
