FOR IMMEDIATE RELEASE

Carpool Lane Closure on East- and Westbound Ronald Reagan Freeway (SR-118)

Los Angeles County– The California Department of Transportation (Caltrans) will close the east- and westbound Ronald Reagan Freeway (SR-118) High Occupancy Vehicle (HOV or carpool lane), from Topanga Canyon Boulevard to Rocky Peak Road for the installation of a line drain.

Motorists will be directed to slow and merge into the remaining open lanes at this location. The work, which is scheduled to occur during daytime hours behind concrete construction barriers (K-rail) in the median and on the outer shoulders, will improve water drainage.

This project is estimated to be completed by May, 2007.

Caltrans would like to remind motorist to please ***“Slow for the Cone Zone.”***
